How to prepare for a common online interview:

Online Interview Questions

Q. Tell me about yourself.

Q: Why did you leave your last job (or why do you want to leave your current job)?

Q: What are your strengths and weaknesses?

Q: Why do you want the job?

Q: What can you bring to this company?

Q. How would your last employer (or current employer or school teacher, etc.) describe you?

5 TOP ONLINE INTERVIEW TIPS

Make an Impression from a Distance

- ★ Look directly into the camera and not at the screen or monitor to make good eye contact
- ★ Don't be afraid to ask for a question to be repeated if you have not heard it properly. It is better to clarify
- ★ The sound system can be less than perfect so speak clearly and avoid mumbling or rushing your words
- ★ Be aware of your facial expressions and posture - they are a large part of your message online
- ★ Pause before answering a question to be sure the interviewer has finished speaking
